

# COMMUNITY NOTIFICATION

## Ongoing surveys & works - Canyonleigh Road

### Marulan Gas Fired Power Station

February 2026

Issued: 2 February 2026

We are writing to keep you informed about activity occurring along Canyonleigh Road and to help keep you and our workers safe while this work is undertaken.

EnergyAustralia is progressing early investigations to support planning and approvals for the proposed Marulan Gas-Fired Power Station and its associated gas pipeline.

During February, you may notice three separate types of activity in the area along Canyonleigh Road (see map).

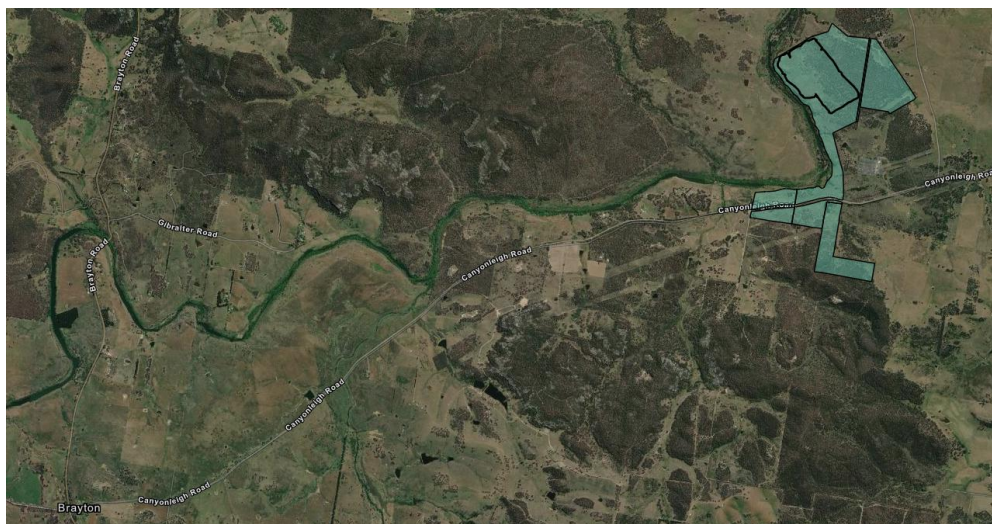

**This work does not involve construction, night works or access to privately owned land. Work will occur only within the road corridor or on land owned by EnergyAustralia.**

We appreciate your cooperation as we progress early studies and land management activities for the proposed Marulan Gas-Fired Power Station.

Activity	What's happening	Where	What you may notice
<b>Drone (LiDAR) Surveys</b>	Drone (LiDAR) and on-ground surveying to understand landform, vegetation and drainage to inform road design	Canyonleigh Road  Within the existing road corridor only  No access to privately owned land	Short-duration drone operation  Survey vehicles  People in high-visibility clothing working near the road verge
<b>Ongoing Ecology Surveys</b>	Ecologists undertaking flora and fauna surveys to identify environmental values and sensitivities	EnergyAustralia-owned land on Canyonleigh Road  Within the existing road corridor	Small field teams on foot  Temporary vehicle stops while surveys are undertaken
<b>Block Maintenance and Fence Strengthening</b>	Routine paddock maintenance and strengthening of fences on land owned by EnergyAustralia	EnergyAustralia-owned land on Canyonleigh Road	Maintenance vehicles and equipment  Workers undertaking fence repairs and general upkeep

#### Please help keep everyone safe by:

- Slowing down when passing survey teams
- Watching for parked vehicles near the roadside
- Being alert for people working in high-visibility clothing along the verge
